## S. SERVOLO

2.3  
**OCTOBER**  
**2024**  
2<sup>nd</sup> edition

**Discuss cases of structural heart treatment among young, but experienced, interventionalists from different Italian centers.**

**Complex successful, unsuccessful and complicated cases will be discussed. The participants interactively discuss treatment strategies of TAVR, mitral and tricuspid valve interventions and LAA closures.**

**Through the presented case the participants will increase their personal knowledge of above procedures and share experiences how to perform interventions successfully, how to avoid failure, and how to face and avoid complications.**

**Furthermore, participants are asked to propose scientific projects which will be discussed by the group and eventually initiated.**
